## PROFILE

I am a final-year student at the Faculty of Computers and Information, specializing in MERN stack development. I seek new internship opportunities to expand my skills and gain more experience. With a passion for full-stack development, I have hands-on experience in web technologies and am committed to building dynamic and efficient applications using MongoDB, Express, React, and Node.js. I pride myself on my attention to detail, accuracy, and strong problem-solving skills, which enable me to perform well under pressure and deliver high-quality results.
